

THE BASICS

- 1 Predict the score of **every match** before it kicks off.
- 2 Picks **lock at kick-off** — no changes once a game starts.
- 3 Everyone's picks stay **hidden until kick-off**, then are revealed.
- 4 Kick-off times show in **Melbourne & UK**; the leaderboard is open to all.

HOW POINTS WORK

PER MATCH	POINTS
Exact score (at 90 min)	5
Correct result (win / draw / loss)	2
Correct result + goal difference	3
Knockouts: pick who advances	+3

LATER ROUNDS COUNT MORE

ROUND	x	MAX
 Group stage	x1	5
 Round of 32	x1	8
 Round of 16	x2	16
 Quarter-finals	x3	24
 Semi-finals	x4	32
 Third-place playoff	x3	24
 The Final	x5	40

KNOCKOUT RULES

- Scores are judged on the **90-minute result** — a 1–1 that goes to penalties counts as a draw for scoring.
- In knockouts you also pick **who advances**. Extra-time and penalty goals only count toward that, **never** the score.
- You can bank the **+3 for the right team going through** even if you got the score wrong.

EXAMPLES

GROUP STAGE · x1

You predict **Argentina 2–1**. It ends **Argentina 1–0**.

Correct result + goal difference = 3 pts

ROUND OF 16 · x2

You predict **Spain 1–1 Brazil**, **Spain to advance**. It's 1–1 and Spain win on penalties.

(Exact 5 + advance 3) × 2 = 16 pts

Full transparency — all scores and standings are open.
The only secret is each other's picks before kick-off.
